Family Resource Center of South Florida Named to Top 100 *Best Companies To Work For* in Florida

Miami, FL. (July 23, 2010) —Family Resource Center of South Florida, a leading provider of child welfare services in Miami-Dade County, was recently named one of Florida's *Best Companies To Work For*. One-hundred companies were recognized in small, medium and large company categories. The rankings – the second annual statewide Best Companies list – appear in the August issue *Florida Trend* and on FloridaTrend.com.

Family Resource Center is driven by the principle that nothing is more fundamental to a community than the safety and well being of its children. Its goal is to prevent and change dysfunctional parent/child interaction patterns, promote positive self-concepts, and build healthy relationships in order to prevent child abuse and neglect. Services provided are family support, full case management, crisis intervention, housing location, family preservation, parent education and mental health and substance abuse counseling.

“We are thrilled to be named as one of the Best Places to Work in Florida and honored to be the only non-profit recognized,” said Oren Wunderman, Ph.D., executive director of Family Resource Center. “The staff at Family Resource Center is amazing. Everyone here is extremely dedicated to servicing the needs of neglected and abused children and we all work harmoniously together to make sure these kids have a better life. It is a pleasure to work with professionals that care about their job and their clients and will go above and beyond the call of duty.”

The *Best Companies To Work For* in Florida program was created by *Florida Trend* and Best Companies Group and endorsed by the HR Florida State Council. To be considered for participation, companies or government entities had to employ at least 15 workers in Florida and be at least a year old.

Companies that chose to participate in the *Best Companies To Work For* in Florida process underwent a two-part survey process. The first part consisted of evaluating each company's workplace policies, practices, philosophy, systems and demographics. The second part consisted of an employee survey to measure employee satisfaction. The combined scores determined the top companies and the final ranking. Best Companies Group managed the overall registration, survey and analysis process and determined the final rankings. Companies were not required to pay a participation fee to go through the online assessment process.
